TEAMS

Team Size

The Executive will determine the individual team size for each division after the official registration has been done.

Team Selection

a) The Association has two distinct team selection and tiering processes to meet the completely different needs of the **Non-Competitive** and **Competitive** divisions. **Non-Competitive** will be Mini-Tyke, Tyke and Novice. **Competitive** will be, Peewee, Bantam and 16U.

Non-Competitive Divisions

- (i) At the younger age groups, or where two or more teams will compete at the same level within a division, the Association will have as its first aim the balancing of all teams at the particular age group. To ensure this, prior to the season, joint practices will be held by all coaches of the particular age group. All of the coaches will participate jointly in the running of these practices to ensure that all coaches have an equal opportunity to work with the players and evaluate their skills. In conjunction with the Association Head Coach and Division Coordinator (if applicable), the coaches will jointly rate the relative skills of all players and make selections by way of rotating draft until all available players have been selected as defined in the Player Draft Policy.

Competitive Divisions

- ii) At Peewee and older divisions (where the VIMLC recognizes tiered play), the Association will try to field a team in the highest possible category. This means, for example, that the Association would try to field an A1 and a B level team in a division in preference to two A2 level teams. With this general principle in mind, the Association will recognize that in some instances it may not have a group of players capable of being competitive at the A1 level. In this case an exception may be allowed. The important concept is competition, which does not mean the ability to win the league championship or a Provincial Medal but rather that the team is able to win a fair share of games in the regular league play.

Evaluation—Competitive Divisions

- a)** The Association is committed to the athlete having fun first and foremost and believes that this is best be achieved by having each individual, and thereby collectively the team, play at the most appropriate level of challenge. Top level players only have fun and are only able to grow in skill if they are stretched - it is in nobody's best interest for a player to play either above or below the skill level that is appropriate for him/her.
- b)** The Association Head Coach will run the evaluation for the Competitive Divisions. Coaches wanting to coach in a specific division should help with Evaluation.
- c)** Players' skills will be evaluated on Passing, Catching, Shooting, and Physical Fitness. If there are sufficient players to form more than one team in a division, then the most highly evaluated players will go to the team in the higher tier.
- d)** All evaluators will be completely neutral; no person will be allowed to evaluate with a child playing in that specific division.
- e)** Evaluation dates will be determined by the Executive and posted on the web site.

Player Draft Policy - Non—Competitive Divisions

If there are sufficient players registered in one division to form more than one team, all players will be evaluated as to their skill level. A majority of the coaches in the division being drafted must agree to the skill level assigned to each player. The number of players in each skill level should be divisible by the number of teams, for example: if there are 2 teams, then there should be 4 to 6 players in each skill level. The coach's name shall be drawn to determine the order of the draft. If a coach or assistant coach has elected to protect his/her child, the child is not picked until the draft has reached the skill level assigned to that child.

For example: if the child is in Skill Level 2, then he/she is not picked until all Skill Level 1 players have been selected. The draft will start at the highest Skill Level and will proceed in rotation until all players have been picked at all skill levels. The Association Head Coach, or designate, will supervise the draft of each division, as he/she is ultimately responsible for balancing the teams. Any trading of players must be concluded at the time of the draft. The Association Head Coach, or designate, will record the skill level of each player on each team.

Protecting Players in The Draft Policy

- a)** While the Association recognizes the convenience sometimes accorded by having friends or neighbours of one player playing on the same team, it believes that there are many benefits to be had by each athlete being exposed to a new group of friends and comrades. This is true not only in one year but also from year to year. No protection of players shall be allowed on the basis of them playing for a particular coach or with particular teammates and indeed such a practice will be discouraged.

- b) A coach may only "protect" his/her child to the extent described in the Player Draft Policy. That is, the coach must use one of his/her draft selections to choose his/her child in the appropriate round of the draft and then the next pick moves to the next team's coach. There is no unlimited or automatic protection rights.

Drafting of Late Registrants

The Association Head Coach, or designate, with the help of the division coaches, will determine the skill level of each late registered player. The players will be assigned to the teams as follows:

- a) To the teams with the fewest number of players (coach's names will be drawn to determine order of selection); and
- b) After the teams all have the same number of players, the Association Head Coach will assign players to coaches in the same order they were in the original draft.

Balancing of Non-Competitive Teams

After each team has had the opportunity to practice together, it must have a scrimmage with other teams to see if the drafting process appears to have worked well. If obvious inequities exist, the coaches should work with the Association's Head Coach to resolve them prior to the beginning of league play. If the Association Head Coach deems it wise, a mini-round robin exhibition game will be played by all teams in the division to test the balance. The Association Head Coach, with the assistance of the Division Coordinators (if applicable), and help from the Executive, will transfer as many players as necessary from team to team to ensure the closest possible balance of all teams in the division prior to the beginning of league play.

Player Movement – Box Lacrosse

- a) Player movement is governed by the BCLA Minor Directorate Operating Policy and the VIMLC Operating Policy.
- b) Players may play one (1) age group higher than that in which they are registered ***with the following restrictions:***

- A1 players can only play for an A1 team in an older division
- A2 players can play A1 in their division or A2 or A1 in an older division
- B players can play A2 or A1 in their division or B, A2, or A1 in an older division
- C players can play in a higher calibre or in an older division
- Novice Advanced players can only play for a B, A2 or A1 in an older division
- Novice House players can play for Novice Advanced or in an older division

NOTE: A player's coach must be asked before the player is contacted regarding the possibility of playing up. **The player's coach shall not unreasonably withhold permission for the player to play up.** Examples of legitimate refusals may be: a) player recuperating from injury, b) player's regular team playing on same day(s) as the team requesting the call-up, or c) player's regular team playing on the following day as the team requesting the call-up.

- c) After May 15th of the playing year, no player shall be able to be transferred to another team within its own playing division.
- d) After the fifth game playing up, the player is permanently assigned to the team he played his fifth game with.
- e) Players must have played a minimum of four (4) games with that team in order to qualify for Provincial Championships.

NOTE: A player can only play in one Minor Provincial Championship.

NOTE: A player, who is allowed to play in a LOWER age group, is NOT allowed to play in the Provincial Championships with that lower age team.

- f) Head coaches of higher calibre teams shall not bring a player up from a lower calibre or age division team for any game or practice without prior approval of the coach of the lower division or calibre team, the Association Head Coach and the parents or guardians of that player.

Player Movement – Field Lacrosse

- a) Player movement is governed by the BCLA Minor Directorate Operating Policy and the VIYFLL Operating Policy.

Goaltender Placement

- a) At least one experienced goaltender shall be placed on each team within a division before a senior team can take two experienced goaltenders.
- b) In cases whereby the number of teams within a division, exceed the number of experienced goaltenders, goaltenders will be placed from the senior team (i.e., A1) down by way of skill level.
- c) If teams competing at the same level within the division (i.e., two C teams in Novice) are left with insufficient experienced goaltenders to enable one per team, the Association Head Coach shall conduct a lottery to decide which team gets the goaltender. The unsuccessful team's coach will have to develop a goaltender from within the team roster, which will be increased by one player over the lottery winner to compensate for the lack of experienced goaltender.

Provincial Championships – Box Lacrosse

To be eligible to play in a Provincial Championship tournament, a player must have played in a minimum of four league, sanctioned tournament games or play-off games, or combination of, during the current year with the team they are registered with. In addition, for call-ups to be eligible, they must have played 4 games in total at a higher division and/or calibre than the team they are registered with.

Provincial Championships – Field Lacrosse

In field lacrosse, the player must 50% of the schedule league games to qualify for provincials.

Player Eligibility

Youth residing in the Association catchment area between the ages of 5 and 18, based on their age as of December 31 of the year in which the season begins in compliance with the provincial directive of age requirements, shall be eligible to register, subject to box availability and volunteer support. It is the Association's policy and practice to treat all of our members with equality, regardless of gender, and in all respects including, but not limited to the following:

- a)** Ensuring that the achievement of equal opportunity is a key consideration when developing, updating or delivering lacrosse programs;
- b)** Ensuring that the needs and concerns of players are identified, promoted, and supported on an equitable basis. Identify the specific needs of female athletes participating in our program and make all reasonable accommodations to ensure that such needs are satisfied; and
- c)** Co-operating with lacrosse's governing bodies, all levels of government and other sports organizations to promote and encourage the increased participation of athletes in our programs.

Registration

- a)** Registration will be on a first come first served basis. Every attempt will be made to place all applications received each year. All registrations received by mail, at drop-off locations, and at any official registration sessions (as set by the Registrar and approved by the Executive each year) will be accepted. - b)** Registration fees shall be set each year by the Executive and posted on the OMLA Website.

The practice of Team Officials recruiting Players registered with other associations to play on OMLA teams is not condoned by the Executive.

Waiting Lists

Waiting lists shall be established after:

a) the optimum number of players have been registered (in each division) at the advanced player registration; the optimum number is to be established on a yearly basis, determined by factors such as available floor time, availability of coaches, etc.

Releases

a) The Association endeavours to provide all levels of teams (i.e., A1, A2, B & C) in all age groups/divisions and thus does not voluntarily release players.

b) Any Players requesting a release from their home association in order to register with the Association (or vice-versa) must adhere to VIMLC Operating Policy. Non-resident Players considering a move to the OMLA are advised to make written application to the President prior to requesting a release from their home association. Written approval by the home association and the VIMLC is required before the Player can be registered with the Association.

c) Requests for Player releases to other associations must be forwarded in writing to the OMLA President stating the Player's rationale for requesting the release. Each release will be evaluated on its individual merits. **Generally speaking, a release will only be considered when the Association cannot field a team in the current playing season or there are extenuating circumstances.** No Player residing within the Association catchment may play for another association without prior written release by the Association and approval/placement by the VIMLC. See OMLA website for details and forms.

Playing Up

Minor Division to Minor Division

a) Player movement is governed by the BCLA Minor Directorate Operating Policy, and VIMLC Operating Policy.

b) A Player may permanently play up one division or calibre higher than that in which they are registered, with the written permission of the Executive.

c) The Association does not believe it to be in a Player's long-term best interest to permanently play in a division older than their own age. Requests by the parents will not be considered sufficient cause for the Association to allow players to permanently play for a team of higher age. In rare instances, where a player has obviously outclassed their peers throughout the season just over, a coach may, with the parents' approval and most importantly the player's

desire, make a recommendation to the Executive that for the next season the player be allowed to register with the next highest age group.

- d)** In no case will a player be allowed to advance more than one division past their peers. In subsequent years, the situation must be reviewed by the Executive to determine if the player should continue to advance ahead of their peers or if they should remain in the division for an additional year and be reunited with players their own age. The latter should be the normal decision of the Executive barring substantial evidence of the player's ability to continue to outclass their peers.

Minor Division to Senior Division

- a)** Player movement is governed by the BCLA Minor Directorate Operating Policy and the League Agreement of the Senior Division team in question.
- b)** One-Game Permits are required for all Minor Division players to play up throughout the extent of the lacrosse season (even if their teams are eliminated from the playoffs). The only exceptions are graduating 16U players whose teams have been eliminated from playoffs, who do not require permission from their coaches to play up.
- c)** Should an OMLA Senior Team require the services of a Minor Division player, the Head Coach or Manager of the Senior Team must first contact the Minor Division Head Coach for permission to contact the player. Upon agreement of the player to play up for the Senior Team, the Head Coach or Manager of the Senior Team must obtain a signed BCLA "One-Game Permit" (form can be found on OMLA Website) from the Minor Team Head Coach prior to game time to submit to the scorekeeper. Should the Minor Team Head Coach be unavailable, he/she may delegate authorization to a registered Assistant Coach or Team Manager.

Communication with Officials

- a) In the event that a game situation arises during play, any person wishing to make a complaint, comment or query must wait 24 hours as a general rule to make comments regarding a specific call, play or event occurrence (exceptions apply in the 24 hour rule if there is a Code of Conduct violation, or if a player is considered in harm's way). These complaints will be directed to the team's Head Coach for clarification. If the Head Coach is unable to clarify or rectify the query, he will pass it on to the Head Referee. A written copy will be sent to the Association Head Coach. At no time is there to be direct correspondence between the official in question and persons making inquiries.
- b) In the event that the Head Referee has a conflict of interest with the query, the complaint can be directly addressed to the President.
